CRediT authorship contribution statement

Nguyễn Nhật Thanh: Conceptualization, Methodology, Software, Formal analysis, Investigation, Writing – original draft, Writing – review & editing, Visualization.

Declaration of competing interest

The author declares no competing financial interests or personal relationships that could have influenced the work reported in this paper.

Funding

This research did not receive any specific grant from funding agencies in the public, commercial, or not-for-profit sectors.

Data availability

All data are generated by the code in the replication package; the code, configurations, seeds and result files are provided with the submission.

Declaration of generative AI use

During the preparation of this work the author used an AI coding and writing assistant to restructure code and draft text. The author reviewed and edited all content and takes full responsibility for the publication.
